

YATES NOMINATED FOR GOVERNOR

Two Chicago Candidates Withdrew in His Favor.

IS A TANNER VICTORY

Cullom Forces Could Not Hold Their Faction Against the Tanner Machine.

YATES POPULAR IN ILLINOIS

Peoria, Ill., May 9.—[Special Telegram]—Yates was nominated for governor on the fourth ballot. Hancey and Carter both withdrew.

Peoria, Ill., May 9.—[Special Telegram]—During the call of the last county on the third ballot Hertz asked to change the vote of the Fourteenth ward to Yates. Then pandemonium broke loose. Lorimer grabbed the Yates banner and paraded the aisles. As the vote progressed Hancey arose and withdrew in favor of Yates.

Peoria, Ill., May 9.—[Special Telegram]—The second day of the republican state convention was marked by intense excitement. The delegates were early in their seats and the usual salutations to popular favorites were given as the leaders went up on the platform.

Chairman Dawes called the convention to order a little after ten o'clock and immediately the report of the committee on credentials was called for. Expectations of trouble were not well founded as the report, seating all the delegates whose places were not contested, was adopted by a viva voce vote.

The committee on permanent organization unanimously reported the name of Joseph W. Fifer for permanent chairman and Charles Peters for secretary.

Fifer Given an Ovation
Fifer was given an ovation as he began his speech eulogizing McKinley and Cullom. Fuller of Belvidere moved to proceed to the nominations without speeches, but this was withdrawn. Hopkins, chairman of the committee on resolutions, in the regular order then presented the platform.

The resolutions commend President McKinley and express confidence in the ability of the administration to properly control any questions that may arise in our new possession, the Philippines, Porto Rico and Cuba; endorse the economical and business-like state administration of Governor Tanner and commend the services of Senator Cullom in the United States senate, and the services rendered by Illinois congressmen in the faithful performance of their duties.

Enough Trouble of Their Own
At the conclusion of the reading, delegate Kehoe of Chicago, caused pandemonium by moving that sympathy for the Boers be expressed. It was tabled, because the committee decided not to consider it as "we have enough troubles of our own."

The committee on electors and delegates reported for delegates at large, Joseph W. Cannon, John J. Brown, Hale Gibben and John M. Smyth. Electors, John F. Herbert, Jefferson and W. H. Jamieson of Cook.

Nominations for governor were then begun. Hancey was named by E. H. Morris, Carter by Healy of Chicago; Reeves by W. H. Stead of Ottawa; and Yates by Roe of Jacksonville.

The first ballot resulted as follows: Hancey 573; Carter, 359; Reeves, 331; Yates, 372.

The second ballot resulted as follows: Hancey 539; Reeves 410; Carter 322; Yates 276.

GERMAN EMPEROR TO FIGHT AMERICA

Paris Paper Declares that War Against the United States is Planned by Germany.

Paris, May 9.—The Patrie, an afternoon nationalist newspaper, in a sensational, in a dispatch from London today claims to have discovered the real reason for the friendly attitude of Emperor William of Germany toward Great Britain at the present juncture, which it declares is the German emperor's belief that war between Germany and the United States is possible and that in view of such a contingency he wishes to win over Great Britain to neutrality.

Continuing, the Patrie recalls the friction caused by the action of the German naval commander, Admiral Diederichs, at Manila and affirms that the position of the United States to Emperor William's dream of founding a greater

Germany in Brazil and Argentina is responsible for the coldness in relations between the two countries.

INSTRUCTION CAR WAS HERE

Has Been in Janesville This Week for Benefit of Employees.

In the local freight yards of the Chicago & Northwestern railroad company this week has been side-tracked a car known as the instruction car. This car is supplied with all the modern appliances known to the air brake system as well as containing other branches of railroad work such as taught engineers, firemen and other employees of the road. Teachers accompany the car and in each town railroad men take a course of instruction the same as in school. The car goes from here to Madison.

IRISH NO FACTOR IN ENGLISH POLITICS

Salisbury Says That Home Rule Will Never Be Given to Old Ireland.

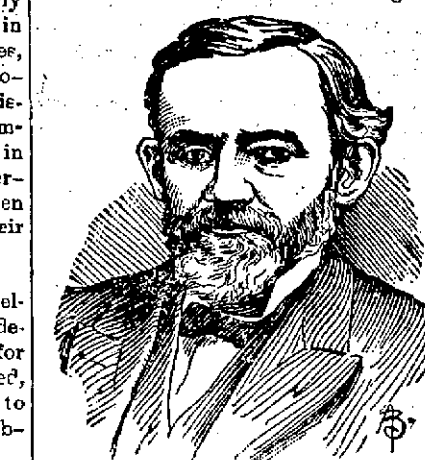

London, May 9.—[Special Cablegram]—At the annual meeting of the Primrose League this afternoon, Salisbury made a speech. Referring to Ireland and the death of home rule as a political issue he said: "There is no hope that we shall ever give Ireland practical independence for we have learned from the South African war how a disloyal government can accumulate arms. The British government now knows better than to give this power to a disloyal government in Ireland for a moment. The Irish are erased and are a powerless factor in English politics but don't imagine this effacement to be permanent."

Referring to England's foreign relations he said the elements which menaced peril were slowly accumulating and might reach a point requiring the government's most earnest efforts to repel. "We have no security, no confidence in the sympathy of other nations except the efficiency of our own defense. It is unwise to depend overmuch on the navy, our people must put themselves in condition to defend their homes. Rifle clubs should be formed in every district. Then we shall force that which will make any assailant's chances bad." The speech left the audience in stupefaction.

GEN. BRAGG THROWN FROM HIS HORSE

Old Iron Brigade Commander Has His Right Leg Broken in Two Places.

Fond du Lac, Wis., May 9.—[Special Telegram]—Gen. Edward S. Bragg was thrown from his horse this morning and

his right leg was broken in two places. Much alarm is felt for the general as he is also suffering from the nervous shock.

BOERS TAKE STAND ON THE LOWER ZAND

Great Battle Is Expected In Africa Just North of Kroonstadt—Retreat Is Cut Off.

Smaldeel, May 9.—[Special Cablegram]—The Boers are reported to be taking up their position at Bosch Rand on the lower Zand river west of Kroonstadt. It is also reported that the Boers on the Zand north of Roberts front are retreating and a number of the Burghers are surrendering.

Boers Panic-Stricken.

Cape Town, May 9.—[Special Cablegram]—It is reported that the Boers in the Ladybrand district are panic stricken believing that the retreat to the north has been cut off. It is hoped that Gen. French, believed to be near Ladybrand, has succeeded in interrupting some of the Boer convoys.

Shake-Up in Beloit Team

Beloit, Wis., May 9.—Coach Hollister has given the college baseball team a shaking up and made shifts in the infield that promise to do the team good. Last night Bobby Brown was transferred to shortstop, Allen went to third base, Edward Brown played on second and Staten to first. This will be the condition for the game next Friday with Northwestern.

WILL RUN FOR VICE PRESIDENT WITH M'KINLEY

HON. JOHN D. LONG, Secretary of the Navy.

JOHN D. LONG WILL RUN WITH MC KINLEY

REPUBLICAN LEADERS DECIDE ON SECRETARY OF NAVY.

Roosevelt Out of It—President Well Pleased With Selection of His Running Mate—Fills All Requirements—Candidate Has a Splendid Record in Public Life.

Washington, May 9.—The name of President McKinley's running mate in the coming campaign is now known. It is John Davis Long of Massachusetts, at present Secretary of the Navy and formerly representative in congress and governor of his state. Secretary Long's nomination for vice president has been practically decided upon by the friends of the president, with the sanction of the president himself.

Governor Roosevelt arrived in town last night for a visit of several days and he had not been here for an hour till it was generally known among politicians that he adheres to his former attitude, and will not accept the vice presidency. He will so tell the president, Senator Hanna and all other public men whom he may meet here. Before Governor Roosevelt's arrival Senator Hanna authorized the following statement:

No Stampede for Roosevelt
"There will be no stampeding of the convention at Philadelphia to Governor Roosevelt or anyone else. The nomination will not be forced upon Mr. Roosevelt or any other man against his wishes. In my opinion Secretary Long will be named for vice president by the Philadelphia convention."

President McKinley does not assume the right to dictate as to who shall be placed upon the ticket with him, but his friends do think it their duty to take precautions which shall surely prevent the nomination of a man who might be distasteful to the president or who might not be worthy to take the president's place in the case of accident.

The nominee for vice president should above all things be a man worthy to be president, one in whom the country and the party would have all confidence if fate ordered him to take the reins of government in his hands.

Secretary Long is such a man. He has a fine character, and is honored and admired by men of all parties. He has had a training calculated to fit him for the highest posts in our public life. His record is:

Four years in the Massachusetts legislature.

Three years governor of Massachusetts.

Six years in the national house of representatives.

Three years Secretary of the Navy. Governor Long is 51 years old, in fine health, a lawyer by profession and one of President McKinley's closest friends and most trusted advisers. His striking qualities as a man and public official are poise, fairness and amiability.

St. Louis Strike Situation.

St. Louis, May 9.—[Special Telegram]—Up to ten o'clock there was no change in the great traction strike. Better arrangements were made to carry people down town. The company is determined not to run many cars to avoid disturbances. A suburban car was wrecked this morning at Webster Grove, but no one was hurt.

Spanish Minister Stoned.

Madrid, May 9.—[Special Cablegram]—Senator Dato, minister of the interior, was stoned by a mob at Tarrasa, Catalonia. He escaped on a special train. Dato is regarded as responsible for the tax reforms strongly opposed by the Catalonians.

Low Rates to New Orleans, La., Via C. M. & St. P. Ry.

On May 19, 20 and 21, good to return leaving New Orleans no later than May 29. Full particulars at passenger depot.

MARRIED SIXTY-FOUR YEARS

The Rev. and Mrs. Bryant to Celebrate Thursday.

Palmyra, Wis., May 9.—At their home in this village tomorrow the Rev. George S. Bryant and wife will celebrate their sixty-fourth wedding anniversary. Mr. Bryant, who was born at Parish, Northampton, county Sussex, England, in 1813, is hale and hearty and attends to the chores about the place. Mrs. Bryant was born in England in 1817, and is not as hearty as the old gentleman, but nevertheless, she is able to spend a good share of her time in making patch work quilts. Three children were born to the couple, but all have died.

Mr. Bryant is a preacher of the old school, having entered the ministry when 25 years of age. He was one of the pioneer preachers of this part of the country.

VICE PRESIDENT IS THE ONLY ISSUE ON

SIOUX FALLS CONVENTION IN PECULIAR QUANDRY.

Delegates Differ as to Best Plan for Nominating Candidate to Run With Bryan—Dozens of Ways Proposed, But None As Yet Generally Agreed To.

Sioux Falls, S. D., May 9.—[Special Telegram]—The populist convention which opened in this city this afternoon at 2 o'clock had a rather small attendance. In order to make a showing the leaders are resorting to packing, credentials being issued to any one who will accept them. There are less than 750 strangers in the city.

The entire issue seems to be as to the best means of choosing a candidate for vice president.

P. M. Kingdell of Minnesota was elected temporary chairman of the convention, R. E. Bray of Oklahoma as secretary and Eugene Smith of Illinois and Leo Vincent of Colorado as assistant secretaries.

States Now Accounted For.

So far only seven states have full delegations present—Colorado, Iowa, Kansas, Montana, Nebraska and South Dakota. All states west of the Mississippi river. From many of the states east of the Mississippi only two or three delegates are thus far on the ground, but these hold proxies, and it is expected if the delegations are not filled by new arrivals the delegates present will be authorized to vote for the full delegation.

Senator Allen is exercising himself especially to secure that action which will most certainly redound to Bryan's benefit. A majority of the delegates from Nebraska are apparently favorable to the reference of the whole question to a committee of one from each state, to be appointed to confer with the democrats at Kansas City.

The Colorado delegation, numbering thirty-eight members, held a meeting today and unanimously decided to stand out for a conference committee.

Towns Stands Well

Butler and Pettigrew are unquestionably exerting their utmost endeavors in behalf of Mr. Towne, and while they appreciate that there are still many obstacles to overcome, they express themselves as confident of success. There is a certain element, led by General Weaver of Iowa, which is advocating the nomination of a straight populist.

Some of the Illinois delegates have suggested ex Vice President Adlai E. Stevenson, and a New Yorker is circulating industriously in the interest of Congressman Sulzer.

GOSPEL SERVICES ON SUNDAY TRAINS

Railroad Officials Are Planning to Do Away with Objections to Sunday Travel.

Chicago, May 9.—Passenger officials of trunk lines running out of Chicago are considering the advisability of establishing divine service Sundays on their through trains.

Several plans have been talked over, and it is almost certain that one of the trunk lines will try the influence of the gospel when dispensed on a sixty mile-an-hour flyer. The plan which seems to find most favor is that of converting the dining cars into chapels, where services could be held soon after the morning meal.

One minister could be engaged to deliver a sermon on each eastbound vestibule train, and the ministers could finish the services going east in time to catch the flyers going west and repeat the program.

The preaching of the gospel is about the only thing which is not now enjoyed by passengers on the fast through trains east and west. The cry against Sunday travel by a portion of the public has been heard for years, and not a few officials believe that if divine service was established on through trains better Sunday patronage would result.

SEED potatoes, 40 cents a bushel, June Eating, Six Weeks Market, Early Ohio, Early Puritan at Dedrick Bros.

BROTHERHOOD IS VERY PROSPEROUS

Chief Arthur Presides Over Session of Locomotive Engineers.

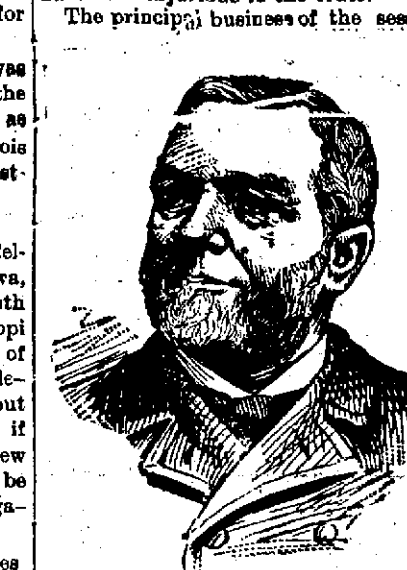

WARM WELCOME GIVEN

Women's Auxiliary Also Begins Its Annual Session in Cream City Today.

WEAR SAME SOFT WHITE HATS

Milwaukee, Wis., May 9.—[Special Telegram]—The fourth biennial convention of the Brotherhood of Locomotive Engineers opened a three week convention at 10 o'clock this morning at the West Side Turn hall. Grand Chief Engineer Arthur presided over the session. Speaking of the order Mr. Arthur said it was increasing in strength and power each year. By keeping clear of entangling alliances, he said, the order had been elevated in the minds of the public and the employer, and today it is at peace with all the roads.

Business of the Session
Mr. Arthur said that while extending the hand of fellowship to other railway organizations, they had retained the friendships desirable without being drawn into controversies which would have been injurious to the order. The principal business of the session,

P. M. ARTHUR.

he said, would be the question of establishing a home for disabled engineers. The citizens of Matteson, Ill., have made the order a liberal proposition if the brotherhood will establish the home on the farm owned by the order near that city. The question of erecting a headquarters building at Cleveland will also be considered during convention.

Grand International Auxiliary.

The Grand International auxiliary of the Brotherhood of Locomotive Engineers, an organization made up of the wives of locomotive engineers began its sessions at Lincoln hall this morning. Mrs. W. A. Murdock of Chicago, the grand president of the organization presiding. They will be in session about ten days holding morning and afternoon sessions.

Most of the members of the auxiliary, following the fashion of their husbands of the Brotherhood of Locomotive Engineers, donned the regulation white soft hat with brown trimmings, and present quite a picturesque appearance about the corridors of the hotel and convention halls.

Grand Officers Present

The grand officers of the Brotherhood who have arrived in the city are P. M. Arthur, grand chief engineer; A. B. Youngson, assistant grand chief engineer; T. S. Ingraham, first grand chief engineer; C. H. Salmons, second grand chief engineer; D. Everett, third grand chief engineer; George A. Kell, first grand assistant engineer; J. C. Currie, second grand assistant engineer; J. D. Collins, grand guide; G. R. Dority, grand chaplain.

This evening the officers and delegates of the Brotherhood and the auxiliary will be given a reception at the Deutscher club.

DREADFUL TRAGEDY AT SHELL LAKE, WIS.

Two Brothers Get Into a Quarrel—One Shot and the Other Commits Suicide.

Shell Lake, Wis., May 8.—[Special Telegram]—Rudolph and Adolph Bartosh, two brothers living in Orange, Burnett county, quarreled last night while in a state of intoxication. Rudolph pulled out a revolver and shot Adolph below the heart. When he saw what he had done he turned the revolver on himself, blowing the top of his head almost off. Adolph is dying. The tragedy occurred in Rudolph's house, before his family.

For carriages and harness we can save you money. F. A. Taylor & Co.

BUILD GOOD ROADS WITH PRIVATE FUND

PEOPLE OF MADISON UNITE TO
EXECUTE NOVEL PLAN.

Local Association, by Means of Individual Subscriptions, Constructs Drives and Parks at Wisconsin's Capital—Leading Citizens Contribute Both Time and Cash to the Work.

Special to the Chicago Record.

Madison Wis., April 30.—Twenty-five miles of carriage drives and bicycle track have been built and are being maintained by the private subscriptions of Madison citizens. In addition there has been laid out many parks and hundreds of shade trees planted, the whole forming one of the most successful improvements, the result of private enterprise, on record in the northwest. For this purpose public spirited citizens have subscribed and paid \$39,733.41 since the year 1892.

The work has all been done under the auspices of the Madison Park and Pleasure Drive association, which was organized April 10, 1899, under the law passed that year. This association succeeds another organized July 10, 1894. The law under which the association works is entitled, "An act for the organization of corporations to create and maintain parks, drives and boulevards and hold the same in trust for certain classes of cities and to receive gifts and grants therefor and to enable such cities to take hold and manage property for parks, drives and boulevards."

The idea of securing drives along the lakes and parks in and near the city took definite shape eight years ago. For the first two years the work was carried on by a citizens' committee but finally passed into the control of the associations organized for the purpose. In the by laws of the association it is provided that in acquiring, opening, extending parks and drives in and about the city of Madison and Dane county, the business shall be without profit to any member; The corporation is without capital and there is no such thing as a dividend.

Any person may become a voting member of the association on annual payment of \$25. Persons contributing annually \$5 or over, or less than \$25, become associate members, but have no vote save in altering constitution and by laws. Any person contributing \$500 is made a life member. The association has a president, vice president, secretary and treasurer.

At the annual meeting of the association the board of directors selects one of its members to act with the president and secretary as the executive committee, under whose direction all improvements are carried out. The present officers are: President, John M. Olin; Vice President, Andrew Kentzler, Jr.; Secretary, Charles N. Brown; Treasurers, Frank W. Hoyt; Directors, Frank G. Brown, C. F. Cooley, L. S. Hanks, Willet S. Main and Frank M. Wooten. The organization has been a success from the start as shown by the following statement, which shows the members added and the amount of subscription for each year.

Year.	Individual subscribers.	Subscriptions
1892 and 1893.....	26	\$ 655.00
1894.....	105	2,625.00
1895.....	132	3,300.00
1896.....	152	3,800.00
1897.....	402	10,050.00
1898.....	205	5,125.00
1899.....	339	8,475.00

In addition there have been gifts for one park amounting to nearly \$6,000 and so far in 1900 the contributions have reached \$3,773.50 by 387 contributors, seventy-one of whom gave \$25, four \$15 and eighty-nine \$10 each.

The result has been, says President Olin, that there are now twenty-five miles of drives through parks and along the lake shore.

The association aims first to keep in good repair the drives under its control and to make certain other permanent improvements within the limits of available funds. Last year a macadam road a half mile long was built around wood and bay. This is a portion of Farwell drive, which was originally constructed across a sand bed. A trench was dug out and filled up with clay and topped with three inches of gravel. This is a fair sample of some of the work undertaken by the association. They kept on working on this particular road until finally a stone driveway costing nearly \$500 was built.

A close supervision of all the roads leading out of the city was maintained and one after another they were taken in hand and improved.

During the past year there were planted in the spring 664 deciduous or shade trees, 100 evergreens, 360 shrubs, all costing \$400. This was followed in the fall by the planting of 700 native

shrubs and trees, such as wild crabapple, choke cherries, elders, sumac, wild dogwood, etc. The whole of this fall work was accomplished with the expenditure of only \$189.86. The total expense of the year in tree planting was \$589.86 for 2,387 trees and shrubs. The services of O. C. Simonds of Graceland Cemetery association, Chicago, were made use of in tree and shrub planting.

The association accepted the offer of D. K. Kenney to give \$4,000 for the purchase and improvement of a tract of land for the park. The city and the association met the offer and Kenney park is now a monument to the success of the undertaking. Several very important pieces of work have been laid out and doubtless will be consummated. These include other park projects and a drive around Monona lake. The cleaning and beautifying of the streets of Madison will also be undertaken.

SOLDIERS GAVE FIRST MAY PARTY

Party Was Well Patronized There Being Two Hundred Tickets Sold—To Purchase New Uniforms.

Members of Company I, Wisconsin National Guard have good reason to feel proud of their first annual May party which was held in their new armory last evening. A merry throng that filled the hall was present and everybody had a good time. The decorations of the hall were red, white and blue. Smith's orchestra played. The proceeds of the dance are to be used to purchase officers uniforms.

The arrangement committee consisted of Sergeants B. E. Brown, B. E. Hill, H. J. Manthel, J. M. Dixon; Corporals C. F. Williams, F. C. Pierson; Privates Wm. L. Hager, R. T. Lindermann, Geo. Farmer, C. G. McDonald.

The floor committee was Sergeants J. M. Dixon, H. J. Manthel, B. E. Hill; Privates Wm. L. Hager and R. T. Lindermann.

You Try It

If Shiloh's Cough and Consumption Cure, which is sold for the small price of 25 cents, 50 cents and \$1, does not cure take the bottle back and we will refund your money. Sold for over fifty years on this guarantee. Price 25 cents and 50 cents. Sold by J. P. Baker.

MANY FAVOR HISTORY CLASS

In Connection With the Janesville Art League—Meeting Today.

Members of the Janesville Art League interested in organizing a history class in connection with the work of the Art League met with Mrs. C. A. Sanborn, South Main street, this afternoon at 3 o'clock. For some time past the idea of forming such a class has been talked of among the members and at the meeting today it met with much favor.

An Epidemic of Whooping Cough. Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale at Smith's Pharmacy, Kodak agents, opposite P. O.

SMALL SUM AWARDED FONDAS

Shoppers Man Gets \$95 When He Sues for \$1000 Damages

Late yesterday afternoon the jury in the case of Edward J. Fonda vs. Herman Kath et al., brought in a verdict allowing the plaintiff \$95. Fonda sued for \$1,000 damages for being struck while participating in a saloon opening at the Clinton saloon owned by the defendant. The plaintiff resides at Shopiere. Silas W. Menzie represented the plaintiff and J. J. Cunningham was atorney for the defendant.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by Smith's Pharmacy, next to post-office, Kodak agents.

ALLEN GROVE

Allen Grove, May 9.—M. J. Boyce met with a serious accident last Wednesday evening. He drove over to Mr. Knott's to get a sack of flour which had been purchased for him at Darien that day and as the flour was being lifted into the road cart his horse became frightened and gave a jump, breaking the harness and throwing Mr. Boyce violently to the ground, breaking his left limb just above the knee joint besides other serious injuries.

Arbor day was observed with appropriate exercises by the pupils of the schools here.

Mrs. U. A. Conry is visiting friends at Stevens Point for a time.

Rev. F. Howarth occupied the pulpit on Sunday morning.

C. E. Wilkins of Freeport, has been visiting his mother for a few days past.

Mr. and Mrs. M. Rokenbrodt of Darien, were calling on friends in this place Sunday.

Mrs. Maria Wilber spent the Sabbath at Bert Wilkins.

George Rice had the misfortune to sprain his ankle one day last week.

William Stewart of Summerville, called at F. C. Nisner's on Sunday.

Mrs. A. M. Rokenbrodt has been on the sick list the past two weeks.

SCHOOL BUILDING FOR SPRING BROOK

COMMITTEE HAS BEEN APPOINTED TO INVESTIGATE.

Residents in This Portion of the City Claim That a School Building Is Badly Needed South of the River—School Board Met Last Evening—Standing Committees Named.

Whether Spring Brook residents are entitled to a school building in that portion of the city south of Rock river, will be investigated soon by a canvass of that section of the city to be made by School Commissioners, O. K. Millmore, George E. King and S. C. Burnham.

At a meeting of the school board held last evening this action was taken in order to comply with a request from many resident taxpayers in the addition known as Spring Brook and Millmore's. Residents in that section of the city claim that their children have too long a distance to walk to school the nearest schools being the Third and Fifth ward schools the nearest being a long distance.

At the meeting last evening President W. S. Jeffris announced his appointments of the following standing committees for the year:

Finance—Commissioners Mount, Burnham and Shearer.
Text Books—Commissioners Millmore, King and MacLean.
Buildings—Commissioners Burnham, Shearer and Millmore.
Teachers—Commissioners Shearer, Burnham and MacLean.
Visitation—Commissioners MacLean, King and Mount.

Heating and Ventilation—Commissioners King, Millmore and Mount.
Bill to the amount of \$108.86 were allowed.

Tomorrow evening a delegation of city officials from Fond du Lac will arrive in the city for the purpose of inspecting the manual training department of the High school.

Many a Lover

Has turned with disgust from an otherwise lovable girl with an offensive breath. Karl's Clover Root Tea purifies the breath by its action on the bowels, etc., as nothing else will. Sold for years on absolute guarantee. Price 25 cents and 50 cents. Sold by J. P. Baker.

ADDRESS BY KRUGER.

Transvaal President Opens the Volksraad Session of 1900.

Pretoria, Monday, May 7.—The official closing of the 1899 Volksraad, which broke up unofficially in September last, took place today. The vacant seats of Gen. Joubert and Gen. De Cock and others were filled with flowers. The hall was crowded, a large number of ladies being present. In the prayer of the chaplain an allusion to General Joubert moved many to tears. After the prayer the read adjourned to the afternoon, when the session of 1900 was opened. The ceremonies were accompanied by the customary salute. President Kruger arrived in the state carriage with the usual escort. All the diplomatists and foreign attaches, including General Gourko, the Russian attaché, were present. The raanzani was crowded to its fullest capacity and the scene was most impressive. President Kruger, in his speech opening the session, alluded feelingly to the vacancies. Referring to Gen. Joubert he said:

"Future generations will be able to judge the work of the deceased, whose demeanor inspired the enemy with respect and whose humane and brave conduct gave fame and importance to the state among civilized nations." He was profoundly struck, he said, by the proof of sincere friendship given by the people of the Free State who had fulfilled their obligations to the Transvaal under the treaty. They realized that a united front was required, as an attack upon the independence of the Transvaal meant a threat against the Free State. He had implicit confidence in the future of the Afrikaner nation. By deeds the Free State had shown, the president declared, a good example to the people of the Transvaal, which had proved of great moral value to those guiding the efforts of a small state to maintain its independence. He was pleased to say that the relations of the Transvaal with the foreign states, with the exception of Great Britain, were good.

The president concluded with a reference to the Free State loan and suggested that the session be not prolonged and that only matters of importance be dealt with. In a moving peroration he invoked the blessing and help of the Almighty. The proceedings terminated with unusually impressive speeches and prayers. Fifty out of a total of sixty legislators were present, several of them still suffering from wounds.

Many Killed in Train Wreck.

Cheyenne, Wyo., May 9.—Four men are known to have been killed in a wreck at O'Neill siding, sixteen miles west of Rawlins, Wyo., on the Union Pacific. Several persons also were injured. A special fast freight east-bound, and drawn by two engines, ran into an open switch and dashed down a high embankment. Firemen James Johnson and Louis Banta were caught under their engines and killed. The others killed and injured were all on board the ill-fated train. It is feared many besides the known dead were killed, as several persons are missing and their bodies may be beneath the wreckage.

TRY GRAIN-O! TRY GRAIN-O!

Ask your Grocer today to show you a package of GRAIN-O, the new food drink that is the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich, soft brown of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. At the price of one, two and 25 cts. per package. Sold by all grocers.

MARRIED FIFTY-EIGHT YEARS

Mr. and Mrs. E. Hall of This City Yesterday Celebrated the Event.

Mr. and Mrs. E. Hall of this city celebrated their fifty eighth wedding anniversary yesterday with members of their family at their home 12 South River street. Mr. and Mrs. Hall were married in Chicago on Sunday, May 8, 1842. Mr. Hall was born in England in Kent county seventy-eight years ago. Mr. Hall conducts a store on West Milwaukee street and today both he and his venerable wife enjoy good health. Five daughters were born to Mr. and Mrs. Hall, three of whom are now living. The are Nellie, Mrs. Hanford of Rockford; Emma, Mrs. Condon of Chicago; and Mrs. Jennie of this city.

Restores vim, vigor, mental and physical power, fills your body with warm tingling life. That's what Rocky Mountain Tea does. 35c. Smith's Pharmacy.

CHANGE THE NAME OF THE ARMORY

Will be Known as "Assembly Hall"—Members of the Trades Council Met Last Evening.

The Armory hall, located at the corner of Milwaukee and Franklin streets, is a thing of the past. From now on it will be known as Assembly hall.

At a regular meeting of the Federated Trades Council held last evening this action was taken. The Armory was rented by members of the Federated Trades Council soon after members of ex-Company A abandoned the hall.

Since the formation of the new military company in Janesville several of the soldier boys have suggested that the name of their new hall should be changed from Concordia hall to the Armory. This desire was soon communicated to members of the Federated Trades Council who readily consented to surrendering the name of the old Armory.

The meeting of the Federated Trades Council was called to order last evening by Edward B. Birmingham who acted as temporary chairman. A committee of three was appointed to make arrangements for holding a dance in Assembly hall on the evening of May 30. Following is the committee appointed: G. F. Kueck, W. P. Mason and A. A. Pardee.

Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at drug-gists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 50 Warren Street, New York.

Everybody is cleaning these days. So are women and dresses dry cleaned without removing any trimmings. Gents' clothing cleaned and pressed like new. Lace and chenille curtains cleaned and dyed. Bed feathers renovated on short notice.

WE KEEP THE QUALITY UP

SPECIAL SALE OF CURTAINS

Wednesday, May 9th

House cleaning is in full blast. Many people need new Curtains. On Wednesday we will have a special sale of all kinds of Curtains. It may be the opportunity you have been looking for. It means much to the people of Southern Wisconsin—a sale of such magnitude, a stock here so large, so complete, so up-to-date that there is practically nothing in Curtains by the pair or goods by the yard that we have not got.

We Mention a Few Lots:

At 90c - 100 pairs of Nottingham Curtains, a lot that we bought at a clean-up figure. They are worth \$1.50 to \$3.00. They will soon go.

At \$1.00 - 100 pairs of ruffled Muslin Curtains. Excellent values and great bargains at above figure. Cannot get more of them to sell at such a price.

At Actual Cost - 50 odd pairs of Curtains that represent all prices. Good things at our cost figures.

At 1/2 Price - 50 odd pairs of Curtains. Some will procure great bargains from this lot if in need of a single pair.

REDUCED for the Day: Every pair of Curtains in our great stock. We show the latest effects in

Nottingham,
Irish Point,
Brussels Net,
Renaissance,
Battenberg,
Cluny, Swiss,
Ruffled Nets, &c.

Many exclusive late novelties never before shown in Janesville, including Ruffled Nets which are hung on the double combination rods, for which we are agents.

ALSO at Cut Prices. Heavy drapery Curtains, of which we show 600 pairs, such as

Tapestry, Chenille,
Velour, Bagdad,
Roman Stripe,
Oriental Creations,
Rope Portieres

AND - - - - -
Odd heavy Curtains for couch covers, doorways, etc., etc.

**Sale Day
Wednesday, the 9th**

Gray Hairs. Can be Deferred

Premature gray hairs usually are the effects of carelessness. If the scalp is kept free of dandruff and properly nourished and strengthened, gray hairs would be unusual before the age of forty or forty-five. There is no remedy in existence that will restore color to gray hairs; but the

Seven Sutherland Sisters'

Hair Grower and Scalp Cleaner, if applied according to directions contained in each package, will positively deter gray hairs until nature compels their appearance. There are today thousands of American men and women who have revived the dying energies of their hair through the faithful use of these simple and natural remedies.

Sold by leading dealers.

LATE TELEGRAPHIC NEWS.

LAYMEN LOSE A FIGHT

In the Quadrennial Conference of Methodists.

WILL BOB UP IN ELECTIONS.

Consolidation of Benevolent Societies Cannot Be Effected at Present—Missionary Anniversary Well Attended—Bishop Hartzell's Plea for Africa.

Chicago, May 9.—Bishop Foss presided at the business session of the Methodist conference Tuesday, and the discussion of the organic law was resumed. Committees reported on episcopacy, itinerancy, state of the church and temperance.

An important proceeding of the day was fixing the time of elections and the time of adjournment, in accordance with the report of the committee on state of the church. In connection with this, it is understood among the laymen in the conference, that they will hold a caucus and be prepared to make a strong showing in the elections. The elections are appointed for Monday, May 14, at 10:30 a. m. The date for the adjournment of the conference will be May 29, if it remains as now fixed.

The laymen lost a fight for equal representation in the annual conferences. Victorious in gaining admission to the General conference, when the question of revival of the organic law came up, the laymen helped to pass a section reserving the annual conference to the ministers. Laymen and ministers were not divided on the question by orders, and two of the strongest speeches against the admission of laymen to the annual conference were made by laymen. The report of the commission on organic law had been made the order of the day. The revision makes no radical change and it was only because of the introduction of the lay representation question that particular attention was attracted. The section that aroused the debate is as follows: "The traveling preachers shall be organized by the General conference into annual conferences, the sessions of which they are required to attend." The missionary anniversary at the Auditorium last night was well attended. Bishop Thoburn of India presided and opened the meeting with a stirring address. In the absence of the representative of Liberia, who was to deliver the first address, Bishop Hartzell spoke, making a strong plea for Africa, which he called the most difficult missionary field in the world and at the same time the scene of the greatest triumphs of the Christian church. The Rev. John M. Thompson, representing South America, made an encouraging report.

The report of the special committee of fifteen on Consolidation of Benevolent Societies—appointed from the committees on Freedmen's Aid, Church Extension, and Missions—practically has reached a conclusion which will defeat for the present the hopes of those who wished to unite these societies of the church. The Rev. J. M. King stated the tenor of the committee's decision before the Church Extension committee during the day. It is in substance as follows: Consolidation cannot be effected at the present time. Legal obstacles stand in the way. Certain vested rights have been acquired by these societies that must be guarded. The committee recommends a commission to consist of three bishops, six ministers, and six laymen to consider the advisability and possibility of uniting the church benevolences. This commission shall submit a plan to the next quadrennial conference. The plan to be submitted shall be published in the church papers a year before the next quadrennial conference. The committee adjourned amid general confusion.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia constipation; invigorates the whole system.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

Very Low Rates to Washington, D. C. Via the North-Western Line. Excursion tickets will be sold May 19 and 20 (only for trains arriving at and departing from Chicago not earlier than May 20 nor later than May 21), limited to May 28, on account of Annual Meeting I. O. O. A. O. Nobles of Mystic Shrine. Apply to agents Chicago & North-Western Ry.

I consider it not only a pleasure, but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. Lynch, Dorr, W. Va. This remedy is sold by Smith's Pharmacy, Kodak agents, opposite P. O.

Talk to Lowell about your tinware.

ST. LOUIS STREET CAR STRIKE

Knoting Follows an Attempt to Use Non-Union Men.

St. Louis, May 9.—One of the greatest strikes in the history of St. Louis was inaugurated today, when, in pursuance of action taken at a mass meeting at 1:30 a. m., 3,225 employees of the St. Louis Transit company went on a strike to compel the acceptance of their demands, formulated several days ago. The salient features of the men's demands, which the Transit company refused to grant, are briefly as follows: That all conductors, motormen, gripmen, and all men employed in the sheds shall be compelled to be members of the union, together with the officers of the company, shall have full power to adjust all differences that may arise, and that in the event of their failing to agree, shall, if mutually agreed to, place the case before three arbitrators. That any member suspended by the union shall be suspended by the company, without pay, until such time as the union requests his reinstatement. That any man elected to an office in the union requiring his absence for not more than one year, shall upon his retirement from such office, have his old place with the company.

Practically every car line in St. Louis is tied up. The Suburban line, the only one in the city not a part of the extensive St. Louis Transit Company's system, ran cars for several hours this morning, but later was compelled to shut down, as their men were pulled off the cars by the strikers at De Hodiament and in the downtown section of the city. Employed on their cars and in the sheds the St. Louis Transit company had 3,600 men, most of whom belonged to the Amalgamated Association of Street Car Employees. All but 275 of these, it is estimated, are out. With the help of some of the latter a number of cars were run out on the Park avenue division of the Lindell line, which run past the Union station. This led to frequent riots at different points on the line, where strikers attempted, and in some cases succeeded in stopping the cars. One car on each of the lines converging on Washington avenue were run out. Four cars got out downtown as far as Sixth street, but only one went around the loop. All were attacked by a mob of men and boys on Washington, at Fourth and Fifth streets, who threw sticks and stones.

A partial list of those injured in the various encounters follows: John Garuth, motorman, Bellefontaine line; struck in face with brick. Hurd Gilberth, barkeeper; shot in arm and lung by passenger on suburban car. John Granath, driver, hurt in collision. Joseph Kohring, shot by Conductor McClellan; not serious. Stephen Sellers, conductor suburban line; eye knocked out. The following arrests have been reported: Conductor George H. McClellan, for shooting Joseph Kohring. Nicholas Doyle, Union line motorman, for rioting. Willie Riekey, 14 years, charged with throwing stones. Unknown man, refused to give name. John Walsh, 13 years, stone throwing. Charles Senne, 14 years. Frank Tule, 18 years, stone throwing. Henry Beck, McMahon, James Kelly, John C. Creighton.

CARRIES WHITE MAN'S BURDEN

Populist Delegate Holds Their Baby While His Wife Lobbies.

Cincinnati, May 9.—Mrs. Luna E. Kelli is one of the most active among the delegates and lobbyists gathering here for the anti-fusion Populist national convention. In the near vicinity can usually be seen her husband carrying "the white man's burden"—in this case their infant. Mrs. Kelli, who is the editor of the Prairie Home at Hartwell, Neb., is here as a delegate both to the Reform Press Association and the Populist convention. Her husband is also a delegate to the latter body. At home he is a tiller of the soil. Mrs. Kelli is particularly active in urging the adoption of a universal suffrage plank, and her husband gives hourly proof that he is assisting her in attaining her desire.

Arrested for Alleged Murders.

Chillicothe, Ohio, May 9.—The certainty with which justice works has never been more startlingly exemplified than in the arrest here of a man who is believed to be wanted for one of the most hideous crimes ever recorded. He is entered as William Tyron, alias William Stevenson, alias George Wright, alias a half-dozen other names, of which none is his correct one. At Pelican Point, Utah, in January, 1895, three children were murdered in a most cold-blooded manner. They were dragged to the shore of a deep pond, the ice on the pond broken, and the children thrust head first into the water beneath.

Bank and Its Safe Wrecked.

Columbus, O., May 9.—Six men blew open the safe of the Farmers' Bank at Sunbury, twenty miles north of here, at 3 a. m., and in doing so blew the entire rear wall out of the building. The safe, as well as the building, was wrecked, but the noise of the explosion aroused the people and the robbers escaped empty-handed, having stolen three horses and buggies for the purpose. A posse is in pursuit.

Does This Strike You?

Muddy complexion, nauseating breath come from chronic constipation. Karl's Clover Root Tea is an absolute cure and has been sold for fifty years on an absolute guarantee. Price 25 cts. and 50 cts. Sold by J. P. Baker.

BOERS HOLD ZAND RIVER.

Fierce Opposition Promised Before the British Pass.

ROBERTS NOT GREATLY FEARED

Waste of Horseflesh Is Enormous—Tidings from Mafeking Are of a Very Gloomy Nature—Empty Stomachs and Flashed Faces.

London, May 9.—Four thousand British cavalry watered their horses at the Zand river Monday, twenty-five miles beyond Smaldeel, where Lord Roberts continues to date his dispatches. The scouts who have been searching the country for miles along the stream have found no boers south of the river. The enemy are laagered in unknown force on the north bank. Thus the British advance guard is within forty-five miles of Kroonstad. The Free Staters, in the expectation that Kroonstad will speedily become untenable, are, according to information from Lourenzo Marques, preparing to transfer their government to Heilbron, a little more than fifty miles northeast. The proclamations of Lord Roberts appear to have little effect upon the inhabitants of the invaded districts. Every farm is found deserted, except by the women and children. All the men are away fighting. Correspondents at headquarters are now wiring freely concerning the incidents connected with the occupation of Smaldeel. Some exasperation is expressed at the ease with which the boers escape with their transports before the very eyes of the British. For instance, when the British entered Smaldeel the boer ox wagons coolly outspanned only five miles away, as if in contempt of the ability of the British to overtake them.

Lord Roberts is described as rightly "unwilling to sacrifice his horses for the sake of a comparatively minor advantage." Nevertheless, the waste of horseflesh, in spite of all precautions, is enormous. Smaldeel is a village of only a score of dwellings, but it expanded in one night to a vast canvas city, and the glow of the campfires was like a scene in an iron smelting district. The city is likely to fade away in a day by the immediate progress of the infantry to Zand river. The tidings from Mafeking are gloomier than ever. Everybody there has an empty stomach and a pinched face. The natives are no longer given even porridge, and the whites now have nothing but a quart of that substance and a pound of horse sausage daily. Everything else eatable has gone. Insufficient food, wet trenches and cold nights are deadly to the health of the garrison. This information comes from reliable natives. Lady Sarah Wilson, under date of April 27, says: "The Boers now number 4,500, including young Eloff, President Kruger's grandson, who has sent for six more guns."

There's no beauty in all the land, That can with her face compare. Her lips are red, her eyes are bright. She takes Rock Mountain Tea at night. Smith's Pharmacy.

Very Low Rates to New Orleans, La.

Visit the North Western Line. Excursion tickets will be sold May 19 to 21, inclusive, limited to May 29, on account of Annual Convention of Travelers' Protective Association of America. Apply to agents Chicago & North-Western Ry.

LANGUID

children are sick children. Their inactivity and sober faces are not in keeping with robust childhood. They lack vitality and resistive power, and are very susceptible to colds and contagious diseases.

BLOOD POISON.

Mercury AND Potash Make Wrecks, Not Cures. In some cases the external signs of Contagious Blood Poison are so slight that the victim is firmly within the grasp of the monster before the true nature of the disease is known. In other cases the blood is quickly filled with this poisonous virus and the swollen glands, mucus patches in the mouth, sores on scalp, ulcers on tongue, sore throat, eruptions on skin, copper colored spots, and falling hair and eyebrows. Doctors still prescribe mercury and potash as the only cure for Blood Poison. These poisonous minerals never yet made a complete and permanent cure of Contagious Blood Poison. They drive the disease back into the system, cover it up for a while, but it breaks out again in worse form. These powerful minerals produce mercurial potash make wrecks, not cures, and those who have been dosed with these drugs are never after free from aches and pain. S. S. S. acts in an entirely different manner, being a purely vegetable remedy; it forces the poison out of the system, and therefore the only cure for Contagious Blood Poison. No matter in what stage or how hopeless the case may appear, even new, untired remedy; an experience of nearly fifty years has proven it a sure and unfailing cure for this disease. It is the only purely vegetable blood medicine known.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I was afflicted with a terrible blood disease, which was in spots at first, but afterwards doctors could do me no good. I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large, red spots on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite improved. I was soon entirely well, and my skin as clear as a piece of glass."

Send for our Home Treatment Book, which contains valuable information about this disease, with complete directions for self treatment. Our medical department is in charge of physicians who have made a life-time study of blood diseases. Don't hesitate to write for any information or advice wanted. We make no charge whatever for this. All correspondence is held in the most sacred confidence. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

1810—General Benjamin Lincoln, distinguished in the Revolutionary war, died in Bingham, Mass.; born there 1733.

1861—Major General John Sedgwick, commander of the Sixth corps, Army of the Potomac, killed by a shell at Antietam; born at Cornwall, Conn., 1813.

1891—Mme. Blavatsky, famous theosophist, etc., died in London; born in Russia about 1831.

1894—General Matthew M. Trumbull, a Union veteran, died in Chicago; born 1820.

1895—Gilbert Elliot, constructor of the famous Confederate ironclad ram Albemarle, died in New York city.

1898—Captain J. D. Johnston, a noted naval veteran, commander of the Tennessee at the battle of Mobile Bay, died at Savannah.

COMFORTS OF A CITY

Suppose the lighting expense is costing \$12,000. What of it? Are the citizens of Janesville going without the comforts of a city on account of the Gazette's spasms or the mutters of a few big property holders? Not much—Janesville Recorder, ex-lower taxation organ.

Very well. Here are a few comforts that other cities enjoy, and that Janesville can have, WITHOUT COSTING MORE THAN WE NOW PAY, by reducing the lighting fund from \$12,000 to \$7,000 per year, and applying the \$5,000 saved as follows:

Annual cost of police force, salaries

alone.....\$2,820.00

Add to fund from saving.....2,500.00

Total police fund (new system).....\$5,300.00

Reorganization:

One chief at \$5 per month.....\$ 600.00

One day captain at \$60 per month.....220.00

One night captain at \$80 per month.....720.00

Two night patrolmen at \$50 per month, each.....1,200.00

Two day patrolmen at \$50 per month, each.....1,200.00

One patrol wagon driver at \$50 per month.....600.00

Total cost, new system.....\$5,340.00

The salaries above noted are liberal, as will be shown by a reference to the following table of wages paid in the other Wisconsin cities of our class:

Police Department.

Annual cost, per month, men's

Chief pay month.

Madison.....\$2,820.00

Ashland.....5,153

Marquette.....5,897

Fond du Lac.....5,000

Green Bay.....5,800

Average.....5,800

The new system would make Janesville's force about the average in strength and amount of salaries paid, but the expense would be moderate in comparison, as it would not cost any more to maintain the new department, outside of the salaries, than is now paid.

If it is not deemed advisable to "reduce taxation" by reducing the salaries in the police department, the force could be reorganized on this basis:

One chief, \$100 per month.....\$1,200.00

One captain, \$75 per month.....900.00

Two day patrolmen, \$50 per month.....1,200.00

Two night patrolmen, \$50 per month.....1,200.00

One driver, \$50 per month.....600.00

Total cost, new system.....\$5,100.00

Would not this "comfort of a city" be worth having?

Still, there would be \$2,500 left. This amount would pay three per cent interest on a bond issue of about \$84,000. Take \$20,000 of it and spend it as follows:

City hall site.....\$10,000

City hall and library building.....10,000

Total.....\$20,000

The city now pays out in rentals, that would be saved if we had suitable buildings, more than enough money to make all the changes, equip the police department, build and maintain a police alarm call system, and run the department outside of the salary list.

Would not "this comfort of a city" be worth having?

And still there would be \$64,000 left to put in a portion of the sewerage system that is so badly needed. And if the ex-lower taxation advocates want the whole system or none, why not have the "comforts of a city" despite the mutters of a few heavy property owners?

Would not this "comfort of a city," also, be worth having?

Nor would this arrangement "leave the city in darkness." The \$7,000 lighting fund could be expended as follows:

50 arc lights at \$35 (a high price) each, per year.....\$3,250.00

150 Welsbach lights (gas or gasoline) at \$25 per year.....3,750.00

Total cost for two hundred lights.....\$7,000.00

The 50 arc lights would be more than enough for the business district and railway crossings, and a number could be placed in the residence district, or parks, where the trees would not make a \$35 light an extravagant investment.

The gas and gasoline Welsbach lights could be used more especially in the residence district, where they would be found entirely satisfactory.

How many comforts of a city shall we have—as many as our money will furnish, or only one?

We should certainly have the "comforts of a city," but let us furnish them at the least possible cost.

We have \$12,000 to spend for com-

forts. That sum will furnish plenty of light, and the other comforts mentioned in addition.

Which plan do you favor, Mr. Taxpayer?

ABOUT CITY BONDS.

The ex-lower taxation advocates hold up a bond issue as a bugaboo to scare the taxpayers who may not be in favor of doing without necessary comforts of a city in order to have unnecessary arc lights. A few figures may therefore be of interest. Janesville's bonded debt fund is \$4,875.

Madison, population 17,000, bonded debt fund.....\$21,001.00

Ashland, population 15,000, sinking debt fund.....20,000.00

Fond du Lac, population 14,000, bonded debt fund.....6,100.00

Watertown, population 10,000, bonded debt fund.....12,240.00

Kenosha, population 8,000, bonded debt fund.....8,500.00

Baraboo, population 6,000, bonded debt fund.....7,600.00

Suppose Janesville's bonded debt fund was increased by \$2,500 per year, it would only amount to \$7,375—\$245 less than the little town of Baraboo; \$4,874 less than Watertown; \$1,125 less than Kenosha; \$1,275 more than Fond du Lac, about one-third as much as Madison and a little more than one-third as much as Ashland. The averages for the above six cities are, population, 11,666; bonded debt fund \$13,228.

Would a bond issue be the elephant the ex-lower taxation advocates talk about? Would Janesville be "burdened" by the increase outlined above? The figures tell the tale—but if the right course is adopted there need be no EXTRA EXPENSE WHATSOEVER. Janesville would not be "burdened," if the bonded debt fund was \$15,000 a year, but at present a fraction of that amount will be sufficient.

Business is business in city as well as in private affairs. Shall the city put the best foot foremost; invest the money to the best advantage; or shall it pile on expense in one place, and scrimp in another? A precedent is to be established in the next few days. Peter should not be robbed to pay Paul. The interest of individuals or corporations should not be considered. The interests of the people are of the most importance.

Let us have "the comforts of a city"—all of them that can be had without burdensome taxation. Now is the time to make the move. If the lighting contract is renewed, there will be no chance to reorganize things during the years that it runs. If it is reduced to a reasonable amount, we can begin work at once. Never put off until tomorrow what can be done today. The sun is shining. Shall we make hay?

People who contend that \$65 per year is not a high price for arc lights, should explain the fact that cities that own their lighting plants furnish these lights to the people at as low a cost as \$30 each. And we all know that a private individual or corporation can run any public utility cheaper than a city can do. Facts are stubborn things, and theories are completely dissipated when the facts are brought forward.

No town in Wisconsin has more natural advantages, better railway facilities, or better prospects than has Janesville. Shall we make the most of them? Penny wise and pound foolish propositions should be frowned down. Let us make the most of all we have.

Now that the subject of expense is eliminated, the council should reorganize the police force at once. By all means let us have the comforts of a city—the comforts enjoyed by every other city, except Janesville in Wisconsin, both large and small.

While they are ready to give full significance to the acts of "Boss Hanna," the democratic papers maintain a discreet silence as to the machinations of Boss Bryan—the boss of bosses.

ORIGIN OF THE SLED.

Seems to Have Come from a Country Where Snow is Unknown.

Dr. Karutz, an original scholar of Lubek, has just completed some valuable investigations relative to the invention of the sled. After long study he comes to the conclusion that primitive man probably arrived at the idea of the sled from seeing trees slip and slide down the mountains. In Madeira, for instance, where there is never any snow, sleds drawn by oxen are used just as they are in the Philippines. It is a development from the idea of a man dragging a burden along the ground, when it was too heavy for him to lift it up and carry it. He at first hitched his dog to the deer that he had just killed and both dragged it toward the cave or hut in which they lived. When he saw logs slide down the mountain side the idea of using smooth logs that would slide over the ground easily when drawn by himself or one of his animals was the next step in the development of the sled. Primitive peoples like the Malays of the Philippines, and the unprogressive peasants of Madeira, still use the sleds invented by their ancestors thousands of years ago. In countries where ice and snow are found, it is probable that the very fact of a man slipping on the ice showed some inventive person that there was an easy way to carry what he wanted to transfer from one place to another, and so first pulling a branch along over the frozen

show instead of carrying it, he thought of putting other things on the branch he trimmed off the twigs and leaves that caught in the stumps and other trees, and the beginning of the sled had come. The joining together of two logs, and shaping them were only steps in the perfection of the earliest method of transportation which antedated the invention of wheeled vehicles by many centuries.—Detroit Free Press.

Patti's Parrots.

Patti has two wonderful parrots, one of whom talks all day long, and imitates its mistress' trills and staccato in an amazing fashion, and who (believe me, for I have heard him) can even compose the most elaborate melodies, says a correspondent. The other parrot—Jumbo by name—is an oddity. Patti bought him for \$200 in New York, where he was reputed to be the finest talking parrot alive. Once in her possession he became dumb. In vain they tried to coax him to converse. Months went by until one morning the prima donna woke with a bad sore throat. "Send for the doctor," she cried, "for I have to sing tonight!" The doctor duly arrived. As he entered the room the parrot uttered his first and last words. "Oh! doctor," he exclaimed, in a strong Yankee accent, "I'm so sick!" And since that day, now several years ago, he has not uttered a word.—Baltimore News.

WANTS DAMAGES FOR BROKEN NOSE

MRS. MARION L. STODDARD IS THE INTERESTED PARTY.

Claims to Have Been Injured While on Her Way to Church—Accident Alleged to Have Been the Result of One End of the Board Tipping Up—Says Her Nose Was Fractured.

Mrs. Marion L. Stoddard, this city, is the latest person to enter the local field for damages against the city of Janesville by falling as the result of an alleged defective sidewalk. Her attorneys are Fether, Jeffris & Mount. It is said that while on her way home from church Mrs. Stoddard fell, fracturing her nose. The notice served on the city reads as follows:

"You will please take notice that on the 22nd day of April, 1900 between the hours of 9 and 10 o'clock in the evening of that day, I was seriously injured while lawfully traveling on the road or street commonly known as Chatham street in the city of Janesville, Rock county, Wisconsin, by reason of a defect in said road or street consisting of a general want of repair of the sidewalk on the west side, thereof, and at the place hereinafter mentioned, the stringers of said sidewalk being rotten and decayed so as not to hold the boards forming said sidewalk in place, the nails being rusted out and the boards forming the covering of said sidewalk being unfastened so that when a person stepped on one end of the board the other end would fly up above the surface of the rest of the walk; that the deficiency and want of repair causing my said injuries consists of the above mentioned defects, and said deficiency and want of repair being on the west side of said road at a point ten feet and ten inches north of the north line of the sidewalk on the north side of Mineral Point avenue and about ten feet and ten inches north of the corner fence post of the lot at the northwest corner formed by the intersection of said Mineral Point avenue and Chatham street."

HARRY CHURCH DIES IN CALIFORNIA

Prominent Rock County Resident and a Man Well Known in Janesville—A Clinton Merchant.

Harry Church died at Santa Barbara, California, yesterday. The sad news was received in the form of a telegram at Clinton today and was immediately forwarded to Janesville, friends. Mr. Church was about forty years of age, and was a resident of Clinton, where he conducted a general store. He frequently made trips to Janesville, and was well known and highly esteemed by many in the Bower City. Of late he has not been in the best of health, and on the advice of his physician and friends, he took a trip to California, in the hopes that the change in climate would be of benefit to him.

At first the chance was for the better, but during the past few days he failed fast. The cause of his death was appendicitis. An operation was performed some time ago.

Mr. Church leaves a mother residing at Barrington, Illinois; also, a sister and brother. In all probability the remains will be taken to Barrington for interment.

HOGS—4.75 to \$5.10 per cwt.

READY FOR BOER PRISONERS

Preparations at St. Helena Complete. Col. Duthurst to Occupy Longwood.

The London Daily Mail publishes advice from St. Helena under date of April 7 to the effect that the preparations for the reception of the Boer prisoners from South Africa are complete. Three acres of Deadwood plain have been fenced with barbed wire, and the inclosure is surrounded by tents for the guards.

Longwood, where Napoleon was confined, has been made ready for Colonel Bathurst, who will command the British troops.

The Deadwood water supply has been increased. The inhabitants are pleased with the idea of having the prisoners confined on the island, believing that their presence will give an impetus to trade.

A Striking Contrast.

While South African soldiers have been facing cannons the servants of the astronomical observatory in another part of South Africa have been peacefully gazing through their telescopes and have discovered a little star of the eighth magnitude, says the Cincinnati Enquirer, which is the swiftest traveler that has yet been found among the stellar hosts.

MENU FOR THURSDAY.

Music, once admitted into the soul, becomes a sort of spirit and never dies.—Butler-Lytton.

BREAKFAST.
Baked Apples.
Cornmeal Mush.
Dried Beef and Gravy.
Fried Plantains.
Johnnycake, Coffee.

LUNCHEON.
Jam Omelet. Potato Cakes.
Canned Cherries. Cake.
Tea.

DINNER.
Cream of Tomato Soup.
Roast Beef. Potato Purée.
Parsnip Croquettes. Apple Sauce.
Sliced Tomato and Cucumber Salad.
Cocoanut Pudding. Chocolate Kisses.
Cafe Noir.

PARSNIP CROQUETTES.—Carefully wash, scrape and boil five medium sized parsnips until tender; drain and mash fine; add a piece of butter the size of a small egg; two tablespoonsful of cream and pepper and salt to taste. Let this just come to a boil; then remove from the fire and add one well beaten egg. Form into croquettes, dip in beaten egg and bread crumbs and fry until a nice brown. Serve on napkins.

RADISHES.—When served plain, like celery, they should be piled on a dishful of cracked ice.

Leave your name, street and number at Ralph Sarasy's drug store where the office is now located, or drop a card to C. W. Van Aiken.

WAR BEING WAGED ON DEFECTIVE WALKS

STREET COMMISSIONER APPOINTS FIVE INSPECTORS.

Rotten Sidewalks Are Being Removed In All Portions of the City—Street Commissioner Fredericks Says That Board Walks Should Be Done Away With—Favors Cement and Brick.

Street Commissioner Fredericks has made the appointment of the following sidewalk inspectors for the city of Janesville:

First ward, Charles Potter.
Second ward, John Ehrlinger.
Third ward, Beaumont De Forest.
Fourth ward, John W. Riley.
Fifth ward, George Croft.

By the appointment of these sidewalk inspectors it means the declaration of war by the City of Janesville against all property owners in the city whose property is bordered by walks that are defective and in need of repair. It also includes property that needs walks where none have been built. The inspectors have already commenced their difficult task and the result is that new walks are now in course of construction in all portions of the city.

Notice is first served on the owner, and if not heeded within twenty four hours' time the city will take the matter of repair or building into their own hands and upon its completion the same is then charged to the property owners, to be paid with the settlement of taxes. In all portions of the city defective walks prevail. Many new walks have also been ordered. In the Third ward alone Inspector De Forest served 138 notices in one day.

Street Commissioner Fredericks says that board walks are just at present most in favor, but that he prefers brick or cement, they being the most durable and economical in the end.

You want your stove put up high and dry. Big brick storage warehouse at Lowell's.

BAD WHITELIGHTERS BEFORE THE COURT

Three New Boarding With Sheriff Applied—by Their Pleadings—Did Not Save Them From Jail.

Three prominent members of the Whitelight club were marched into court this morning by Chief Hogan on the charge of drunk and disorderly conduct.

All told a tale of woe and said they would sign the pledge never to drink again. Following is a result of what happened:

Thomas Nash, five days in jail and \$10 and costs or \$11.30 and until the same is paid, twenty-five additional days in jail.
John Mulcairn, \$10 and costs or \$11.30 or twenty-five days in jail.
John Griffin alias "Dart" Griffin, \$5 and costs or \$6.30 or twenty days in jail.

BAINES WAREHOUSE AFIRE AT MADISON

Janesville's Ex Mayor's Fine Leaf Tobacco Structure in the Capital City Had Narrow Escape.

Last night at Madison the Frank S. Baines leaf tobacco warehouse had a narrow escape from being totally destroyed by fire.

About 9:30 smoke was seen issuing from the building and a small fire was discovered in the basement. An alarm was given and the fire department was very prompt in responding, arriving just in time to put out a blaze which, had it been allowed to run a very few minutes longer, would have gone its way unhindered through the great building. The fire started in the basement, no one knows how, near a scrap basket where waste papers were thrown, and was put out before any particular damage was done beyond charring some of the woodwork and slightly injuring a few cases of tobacco that stood near.

EDWIN ALVERSON INJURED
Rockford Young Man Who is Well Known in Janesville

Ed Alverson, a Rockford bicyclist who has many friends in Janesville, was the victim of a severe accident while on a trip to Beloit Sunday. His front fork broke and threw him with great force to the stony road, where he struck on his face. He was picked up in an unconscious condition and taken to the hospital where he now is. It was found that his face was badly lacerated and his tongue split.

NEWS OF A PERSONAL NATURE
FRED SHELDON had business in Footville today.

THEODORE REGGLES of Chicago, was in the city yesterday.

W. W. HINSON of Rockford, had business in the city today.

MR. BOSTWICK leaves tomorrow for a week's visit in Chicago.

MR. FERGUSON, a former local resident, greeted local friends today.

MRS. FRANK B. FARNSWORTH has returned from Chicago where she was called by the dangerous illness of her brother, Dr. T. B. Wiggins.

DR. T. B. WIGGINS of Chicago, who has been dangerously ill with pneumonia, but is now beyond the critical stage, and Hon. and Mrs. Hiram Merrill, who were called from Lake Geneva to Chicago because of his illness, have returned to the lake.

VOSE WOULD RESIDE HERE

That is if He Could Dispose of Property in Milwaukee.

Hamilton Vose, the expert golf player from Milwaukee, who has been visiting local friends, returned home yesterday afternoon. Mr. Vose is loud in his praise of the Janesville golf links and says if he could dispose of his Milwaukee property at what it is worth he would reside in Janesville.

MONKEY WAS WELL TRAINED

Italian Organ Grinder Amused Many About Town Today

An Italian organ grinder made the rounds of the town having in charge a monkey. The monkey was evidently well trained. He smoked a pipe, played ball, wore glasses and did several other tricks. He was also well trained in the art of begging money from spectators.

WILL ENTERTAIN FRIENDS

Mr. and Mrs. George S. Parker Will Act as Hosts This Evening.

Mr. and Mrs. George S. Parker have issued invitations for a good sized company to be given this evening at their new and spacious home located at the corner of Court and Harrison streets. Refreshments will be in order at 6:30 o'clock, to be followed by card playing.

NON SUIT ASKED IN JONES ACTION

Request Was Overruled by the Court—Other Matters Before the Circuit Court Today.

In the circuit court of Rock county testimony was finished this afternoon on the part of the plaintiff in the action of G. E. Jones vs the village of Clinton. Attorney W. G. Wheeler for the defense then asked for a non suit but this the court overruled. Jones is suing the village of Clinton for alleged injuries.

By consent the case of Catherine J. Stockman vs. L. J. Noey was continued for the term.

On motion of Sutherland & Nolan for the defendant the case of F. A. Taylor et al vs. Frank Coulter was ordered stricken from the jury calendar.

In the case of Rosella Delaney vs. Back of Watertown ordered that the motion be denied.

In the case of Petra Johnson vs. Edward H. Dudley the case was continued for the term on motion of the plaintiff.

In the case of Fred Bradt vs. Fred Hempf the same was held open till Saturday, May 12, at 9 o'clock a. m.

The following jurors were held to fill the regular panel: William Winkley, Nelson Carlson, B. F. Cronk, E. Ellington, N. H. Clark, S. G. Field, F. B. Short, S. M. Sackett, Harry A. Moerer and W. H. Merritt.

The following jurors summoned on the special venire were excused: George W. Perkins, A. W. Bullock, Fred L. Clemens, J. C. McEvay, C. P. Whitford, Emory F. Burdick.

FOR SALE at a bargain, convenient houses with barn on Linn street.

AMONG the many good things we are offering these days will be the corset sale tomorrow. Our large ad tells you what kind of a corset we are going to let go for 25 cents each tomorrow. Read it. Bort, Bailey & Co.

Literary Labor in a Cavern.

It is said that ex-Chief Justice Logan E. Buckley is writing a book. The distinguished jurist is now residing at his famous summer home in Clarksville, says the Macon Evening News. In his front yard he has dug a cave ten feet deep and extending several yards under the ground. In this cave the judge goes in the morning, and there he turns out page after page of copy. He has been at work on this book for a number of years, writing a little at a time, but now, since he has moved to Clarksville permanently, he is determined to finish it. That it will be an interesting work goes without saying. A strange fact about Judge Buckley's cave is that he dug it himself. The judge will be 73 years of age at his next birthday, and a cave like the one he has is a wonderful accomplishment for a man of that age.

Telephones!

The Rock County Telephone Exchange

Has nearly THREE TIMES AS MANY subscribers as the old company. Every phone is a "long distance" instrument.

For 5 Cents

per day you can connect your residence with 630 telephones in Janesville. Patronize the home company.

A. E. ADAMS, Manager.

SEEDING IS NOW NEARLY COMPLETED

EARLY SOWN GRAIN IS COMING UP AND DOING NICELY.

Preparations for Corn Are Well Advanced—Pastures Somewhat Late—Past Week Unfavorable to Fruit—Work on Gardens Is Well Advanced—The Weekly Crop Bulletin.

The following is the United States department of agriculture, climate and crop bulletin of the weather bureau, Wisconsin section, for the week ending May 8.

The average temperature for the week was considerably below the normal; about 6 degrees cooler than last week, and about 8 degrees cooler than the same week last year.

Freezing temperatures were reported from nearly all portions of the state during the latter part of the week, and ice from one fourth to one-half of an inch in thickness formed during the nights of the 3rd, 4th, and 5th in many localities. A few points in the northern portion of the state report temperatures as low as 16 degrees.

No rain fell during the week, except at a few points in the central and western counties. The soil is becoming very dry and rain is badly needed for pastures, which are reported to be about ten days behind the average condition at this date.

The week was favorable for farm work and seeding is now practically completed. Early sown grain is coming up nicely, but the cold weather and lack of moisture have retarded the germination of late sowings. In some localities the effect of the freezing temperatures was very noticeable on early-sown oats and barley, but it is believed that no material injury resulted.

Preparations for corn are well advanced and some early varieties have been planted. A warm rain is needed to place the soil in good condition.

Winter rye is making excellent growth, and winter wheat, where not winter killed is reported generally in satisfactory condition.

The growth of grass and pastures has been retarded by cold weather and lack of moisture. Some stock was turned on during the week, but the feed is generally not satisfactory.

The week was very unfavorable for fruit, freezing temperatures with cold winds being general over the state. Opinions vary as to the effect these conditions will have on young buds, but it is generally believed that no very great damage will result.

Work on gardens is well advanced, but rain is needed in most localities. Janesville, Rock county. Small grain nearly all sown; farmers now planting potatoes and preparing ground for corn; rain is badly needed.

Low Rates to St. Louis, Mo., Via the C. M. & St. P. Ry.

THIS IS AN AGE OF HURRY. People are not content with the slow-going methods of their grandfathers' days. When they want anything, they want it at once, and the telephone is always at hand for the message. It takes but a word, and a moment of time, to place the home and the office, the residence and store, in touch; and one call may be worth many months' rental. Hundreds, and even thousands, are at your call, ready to do your bidding, without untold delay or misunderstanding. Why not order a phone today?

AUCTION SALE OF FOREST PARK LOTS!

Thirteen years ago the Forest Park Addition to the City of Janesville, comprising seventy acres, was platted into 220 lots, of which fifty-five remain unsold. The owners, desiring to close up the affairs of the Forest Park Company, will offer these lots, without reserve, to the highest bidder, on

**SATURDAY, MAY 19TH,
AT 1:30 P. M. : : :**

This property is the most attractive for residence purposes in the city. It is supplied with city water, gas and electricity and the street cars make every part of it accessible. The unsold lots are scattered from Ruger Avenue to Racine Street and have been held at prices ranging from \$200 to \$600. They may be had at these prices at any time before the sale. Stakes with prices attached have been placed on each lot so that prospective buyers can readily locate them. Lots within two blocks of this property are selling for from \$1,500, up.

Summer Corsets At 25c Each

We bought this lot of Corsets from the manufacturer with a view of selling them at 39c, but we have decided to give our customers a series of good bargains, and so make this offer.

They are made of fine Gauge Net.

They are stayed with fine steel.

They are shaped like a \$1.00 Corset.

They are thoroughly stitched

They are worth 39c.

They won't last long at the price.

We can't buy any more of them.

**Summer
Corsets,
25c
EACH.**

We are offering many Dry Goods bargains and this offer is one of the best. Watch our ads. Each day something new will be cut and cut deep.
